

Restoring the Driftless: The Science, Studies and Strategies for Improving our Region's Fishery

Day 1 – Feb. 23 - <https://tu.myeventscenter.com/event/Restoring-The-Driftless-Day-1-59831>

Day 2 – March 3 – <https://tu.myeventscenter.com/event/Restoring-The-Driftless-Day-2-59832>

Agenda February 23rd, 2022		
Presentation Title	Presenter	Time
Opening Remarks	Jeff Hastings	9:45 to 10:00 am
Climate change, extreme seasonal weather, and trout populations in Wisconsin streams	Bryan Maitland	10:00 to 10:30 am
A Roving Creel Survey of Selected Trout Stream in Southeast Minnesota - 2020/2021	Vaughn Snook	10:30 to 11:00 am
West Indian Creek Stream Habitat Improvement Project 2020-2021	Luke Lunde	11:00 to 11:30 am
Chase Creek Brook Trout Establishment	Bradd Sims	11:30 to Noon
	LUNCH	12:00 to 1:00
Environmental Risks Neonicotinoid Insecticides Pose to Aquatic Resources	Michael Miller	1:00 to 1:30 pm
Lessons from Manager Interviews about Restoration Practices	Emma Lundberg	1:30 to 2:00
Recovery of a headwater fish community after a "complete" fish kill in Garvin Brook	Neal Mundahl/Avery Schnaser	2:00 to 2:30 pm
South Pine Brook Trout Propagation Efforts	Dan Rosauer	2:30 to 3:00 pm
Grass vs. Trees: Competing Perspectives about Restoring Riparian Areas in the Kickapoo Watershed	Eric Booth	3:00 to 3:30 pm

Agenda March 3rd, 2022		
Presentation Title	Presenter	Time
Opening Remarks	Jeff Hastings	9:45 to 10:00 am
Incorporating Nongame Habitat In Stream Projects	Mike Majeski	10:00 to 10:30 am
Sniffing for snails: Using K9s for the early detection of New Zealand mudsnails in Wisconsin	Ellen Voss	10:30 to 11:00 am
Driftless Water Quality App	Kent, Dan, Carter	11:00 to 11:30 am
Beaver influence on Driftless trout streams in Wisconsin	Matt Mitro	11:30 to Noon
	LUNCH	12:00 to 1:00
Pierce and Dunn County Brook Trout Habitat Project Updates-Plum and Wilson Creek	Kasey Yallaly	1:00 to 1:30 pm
ERO: optimized velocity and volume to scour sand from low gradient streams	Loren Hass & Nate Anderson	1:30 to 2:00
Wild South Pine Brook Trout	Mike Siepker	2:00 to 2:30 pm
Can Satellites Detect Coldwater Streams : Lessons from the Driftless region, Iowa	Niti Mishra	2:30 to 3:00 pm
Brook Trout population response to Brown Trout removal in Maple Dale Creek, WI	Kirk Olson	3:00 to 3:30 pm
Monitoring the response of stream temperature to restoration in a small Driftless Area stream with a drone, precision GPS, and temperature probes	Ben Sellers	3:30 to 4:00 pm
